6 Things Science Says Kids Need To Succeed In Education And Business

- Collaboration
- Communication
- Content
- Critical Thinking
- Creative Innovation
- Confidence

**Level 4:** Building it together → Tell a joint story → Expertise → Evidence → Vision → Dare to fail

**Level 3:** Back and forth → Dialogue → Making connections → Opinions → Voice → Calculated risks

**Level 2:** Side by side → Show and tell → Wide breadth/Shallow understanding → Truths differ → Means-end → Where do I stand?

**Level 1:** On my own → Raw emotion → Early learning/Situation specific → Seeing is believing → Experimentation → Barrel on

The 6Cs are as applicable to business as they are to education. In fact, Golinkoff and Hirsh-Pasek write, “for the first time in our memory, business leaders who think about their requirements for employees and child psychologists are talking the same language and looking for the same benchmarks.” The problem, they assert, is that “our school system seems to be stuck somewhere in the agrarian societies of past centuries.”

High School 2022

An Albemarle County Public Schools initiative to rethink high school

What is High School 2022?

High School 2022 is a focused, four-year effort to guarantee meaningful and relevant high school experiences that best serve the needs and engage the interests of every student. An extension of innovative programs developed by our teachers and embraced by our students, High School 2022 empowers students to identify, develop and pursue their interests.
