

**Licensure Updates:**

First, I would like to address some licensure changes. As of January 1, 2019, the fee for license renewal has gone up from **\$25.00** to **\$50.00**.

**\*\*Albemarle County will pay for your renewal fee as long as you submit your licensure application before June 14, 2019.\*\***

Second, as of July 1, 2018, all renewable licenses issued after this date will be usable for ten years. **To clarify: when you receive your new license, it will be valid for ten years.**

Finally, the Technology Standards have been eliminated and that is now reflected on your progress report.
