The ALCP provides a structure to support instructional leadership and professional growth across the Division.

Last year, the teacher compensation review revealed that ACPS is not competitive for many of its special or incentive pays.

This increase begins to restore funding, which had been reduced during the recession, and more fairly compensates teachers for the additional roles they take on.

Each stipend will go through a review process to determine if additional adjustments to compensation need to be made based on changing responsibilities of the role.

The Diversity Resource Teacher (DRT) stipend was the first to go through review and an increase in stipend compensation is warranted.

HIGH SCHOOL CENTERS EXPANSION

Contemporary High School Programming

EFEI - Education Facilities Effectiveness Instrument showed deficiencies as noted:

- Student Crafted Learning Spaces – rated inadequate
- Art Studios – Borderline
- Maker Space – Inadequate
- Universal Design for Learning – poor

The center model expands opportunities for all students along with instructional pedagogy that enhances students’ ability to retain information, engage with material and develop skills around the five C’s (collaboration, creativity, critical thinking, communication, and citizenship)

- This proposal reinstates the Reserve Officers Training Corps (ROTC)/National Defense Cadet Corps (NDCC) Program at Monticello High School.

- The program will also be available to Albemarle, Western Albemarle & Murray High School students with transportation provided.

- Public and private educational institutions apply for ROTC/NDCC units and commit to share costs and meet standards.
