

# School Health Advisory Board (SHAB)

The Albemarle County Public School Board has established a School Health Advisory Board to serve as a resource to the school board regarding matters of school health. The health advisory board assists with the development of health policy in the school division and the evaluation of the status of school health, health education, the school environment, and health services. The health advisory board consists of broad-based community representation including, but not limited to, parents, students, health professionals, educators, and others.

Community members are appointed by the School Board for two-year terms eligible for renewal. Interested school employees or community members may apply for board membership at regular intervals. Solicitations for applications will be issued when current terms expire or positions are vacated.

The health advisory board meets at least four times annually and makes at least annual recommendations to the School Board. Meetings for the 2017-18 school year will be held in **Room 320 of the County Office Building** at 401 McIntire Road in Charlottesville from **6:30 to 8:30 p.m.** on the following dates:

- September 27, 2017
- January 17, 2018
- March 21, 2018
- May 16, 2018
