Our Schools

Elementary Schools

ACPS serves 6,803 elementary school students in preschool through Grade 5 at the following 15 elementary schools:

- Agnor-Hurt
- Baker-Butler
- Broadus Wood
- Brownsville
- Crozet
- Mary C. Greer (Greer)
- Hollymead
- Meriwether Lewis
- Mountain View (formerly Paul H. Cale)
- Virginia L. Murray (Murray)
- Red Hill
- Scottsville
- Stone-Robinson
- Stony Point
- Woodbrook

Middle Schools

ACPS serves 3,161 middle school students in Grades 6-8 at the following six middle schools:

- Jackson P. Burley (Burley)
- Community Public Charter School
- Joseph T. Henley (Henley)
- Jack Jouett (Jouett)
- Mortimer Y. Sutherland (Sutherland)
- Leslie H. Walton (Walton)

High Schools

ACPS serves 4,471 high school students in Grades 9-12 at the following four high schools:

- Albemarle (AHS)
- Monticello (MoHS)
- Murray (MuHS)
- Western Albemarle (WAHS)

School Quality Profiles

For every school division and school in the Commonwealth, the Virginia Department of Education provides a School Quality Profile containing information about student achievement, college and career readiness, program completion, school safety, teacher quality, and other topics of interest to parents and the general public.

View the School Quality Profile for Albemarle County Public Schools at: <u>http://schoolquality.virginia.gov/divisions/albemarle-county-public-schools</u>

Feeder Patterns

Public schools in Albemarle County are divided into three "feeder patterns" according to geographical area: Northern, Southern and Western. A feeder pattern consists of the elementary, middle and high schools through which students progress.

	Northern	Southern	Western
High Schools	Albemarle	Monticello	Western Albemarle
Middle Schools	Burley* Jouett Sutherland	Burley Walton	Henley
Elementary Schools	Agnor-Hurt** Baker-Butler Broadus Wood Greer Hollymead Stony Point** Woodbrook	Mountain View (Cale)** Red Hill Scottsville Stone-Robinson** Stony Point**	Brownsville Crozet Meriwether Lewis Murray

*Student body splits at the high school level: Burley Middle School students will attend either Albemarle or Monticello High School.

**Student body splits at the middle school level: Agnor-Hurt Elementary School students will continue to either Burley or Jouett Middle School and then Albemarle High School. Mountain View (Cale) and Stone-Robinson Elementary School students will continue to either Burley or Walton Middle School and then Monticello High School. Stony Point Elementary School students will continue to either Burley Middle School and then Monticello High School, or Sutherland Middle School followed by Albemarle High School.

Overview of School Budgets

School budgets are primarily developed based on projected student enrollment levels and the percentage of economically disadvantaged students in a school. The majority of these budgets is attributed to staff compensation. Schools are provided staffing resources based on the Division's staffing standards and formulas. The remaining budget is allocated for general operations and determined by various factors including student enrollment and programs within the school. Section G contains detailed information about these budget factors.

FY 2020/21 Changes

Changes in School Budgets are described in Section A and include:

- Teacher Salary Increase (2.5%)
- Classified Salary Increase (1.5%)
- Minimum Pay Rate (\$13.50)
- Additional Compensation Increase
- Baseline Adjustment
- VRS Rate Changes
- Health Insurance Reallocation
- Schools and Department Overtime Increase
- Security Cost Increase

School Program Categories

The program categories in this section are guided by state reporting standards and reflect budgets that are assigned specifically to schools. They do not account for budgets assigned to division-wide services (departments). As such, the total budgets in this section equal the total budgets dedicated to specific school locations budgets in the next section.

Instruction

Refer to Section G for details regarding staffing standards and allocations.

Regular Education

Staff is allocated to provide core class sizes of approximately 21 to 1 at the elementary school level and approximately 23 to 1 at the middle and high school levels. For middle and high schools, the state mandates free/non-teaching periods for teachers during the school day. At the middle school level, the state mandates no more than 7 periods taught of 8 held. The Division's middle school standards assume that 6 or 7 periods are taught per day. At the high school level, teachers teach only 6 periods of 8 held. This means that to meet the standard each day, it is required that 1.25 FTE teachers be employed for approximately every 23 high school students. For kindergarten and first grade, a 4-hour teaching assistant is provided for every 20 students.

Beyond core class size, division-wide, over 100 FTE additional teachers are provided to devote more time/resources for students who are economically disadvantaged. Differentiated staffing is staffing provided above the regular allocation and is determined by a formula that uses grade level and Free/Reduced Lunch percentages. The purpose of differentiated staffing is to assist with equity as some schools have more challenges based on risk factors of students. This staffing can be used to lower class sizes and/or provide additional supports for students.

Special Education

Special education programs include services for students who are intellectually disabled, physically handicapped, emotionally disturbed, learning disabled, or otherwise identified as a student with special needs. Staffing allocations are informed by the needs of identified students.

School Counseling

This program includes opportunities and experiences involving social, emotional, and academic counseling services for all students. In addition, consulting with staff members and parents on learning challenges; assisting students as they make educational and career plans; assisting students with personal and social development; providing referral assistance; and developing group and individual classroom guidance programs, are included.

Elementary Art, Music and P.E.

The Commonwealth requires that each school division employ five full-time equivalent positions per 1,000 students in grades kindergarten through five to serve as elementary resource teachers in art, music, and physical education (P.E.). ACPS establishes a standard beyond this state requirement that specifies a minimum level of services to be delivered to each student.

Vocational Education

Vocational Education, also known as Career and Technical Education (CTE), provides instructional programs through which students acquire knowledge and learn relevant technical applications of current and emerging careers while preparing for post-secondary studies and employment. The CTE curricula are focused on six program specific areas: business and information technology, family and computer sciences, health and medical sciences, marketing, technology education and engineering, and trade and industrial. Standard CTE course offerings are available in all middle and high schools. Advanced coursework and programs are also available through the high school academies and dual enrollment coursework. High school operational funds are the payment for students to attend Charlottesville Albemarle Technical Education Center (CATEC).

Library Media

Library Media Specialists are budgeted in this category. They oversee activities concerned with the use of all teaching and learning resources. Educational media are defined as any devices, content materials, methods, or experiences used for teaching and learning purposes. Operational funding for media centers is contained within the Regular Education category.

ESOL

The English as a Second or Other Language (ESOL) program serves ~1,400 students with widely varying levels of ability. Students with the greatest need, very little to no English abilities, receive intensive instruction to bring the student to levels of proficiency. The largest number of ESOL students are in a monitoring status when their proficiency reaches acceptable standards, and they require no more direct services, yet are required to be tracked and monitored annually. The State requires a minimum staffing of 17 staff per 1,000 students with limited English proficiency; however, ACPS staffs beyond the standards. Refer to Section G for detailed staffing standards.

Athletics

Athletics encompasses all direct costs associated with high school athletics. It includes one athletic director, one athletic clerical staff, and stipends for coaches for each of our 3 comprehensive high schools. These expenses also include fees for officiating, VHSL mandated fees, security for games, uniforms, and other equipment necessary to operate a number of athletic teams within each school.

Gifted

Gifted includes services for students in grades K-12. Students are to be provided services according to the Virginia Department of Education guidelines.

Instructional Coaching

Instructional Coaches (ICs) partner with teachers to help them improve teaching and learning so students are more successful. To do this, ICs collaborate with teachers to get a clear picture of current reality, identify goals, assist with deciding on instructional strategies and assessment practices to meet the goals, monitor progress, and problem solve until the teacher's goals are met. This research-driven best practice of reflection allows teachers to consider their practices as they progress through a Plan, Do, Study, Act model to improve student outcomes.

Preschool

ACPS provides instructional space for a variety of preschool programs: Head Start classrooms, Virginia Preschool Initiative (Bright Stars) classrooms, Title I, and special education. The only staffing by ACPS is for preschoolers identified as needing special education services.

Intervention Prevention

Intervention and prevention funds are allocated to schools based on school enrollment, and factor in the number of economically disadvantaged students. Funding and staffing support the continued efforts of schools to provide timely and effective interventions to students performing below grade level standards. These funds are provided to schools for additional instructional services.

Response to Intervention (RTI)

Response to Intervention (RTI) provides rapid deployment of differentiated instruction, assistive technology tools, and intervention strategies that can help eliminate learning gaps before they grow in significance. Resources in this program are meant to reduce the number of students needing more involved interventions in the future. RTI staffing is provided to schools at all levels.

Alternative Education

The Alternative Education program provides resources for the Center for Learning and Growth. Both staffing and operational funds are provided to allow the School Division to partner with community agencies. Students participate in restorative practices as they progress academically so that they are able to return to their base school.

Health Services

This program includes activities associated with physical and mental health services, including medical, dental and nursing services. In addition to a full-time nurse in every school, an 11-month coordinator of nursing services is housed at one of our schools to provide support for the nurses.

Additionally, the program includes activities concerned with administering psychological tests and interpreting the results; gathering and interpreting information about student behavior; working with other staff members in planning school programs that meet the special needs of students as indicated by psychological tests and behavioral evaluations; and planning and managing programs provided by psychological services, including psychological counseling for students, staff, and parents.

Technology

The technology program is directly related to the delivery of classroom instruction and the interaction between students and teachers, including the actual instruction of technology and technology support for students, staff, and school administration. Technology expenditures include technology resource positions (Learning Technology Integrators) that provide staff development as well as technology support positions that provide technical support (Technology Service Specialists).

Building Services

Custodial staffing at schools is generally set by formula and square footage of the facility to be cleaned. Each school is assigned a lead custodian to head the custodial/light manual work at each school and schedule/manage community building rental needs. A custodian is assigned for each 20,000-25,000 square feet to be cleaned, excluding the lead custodian.

Agnor-Hurt is a comprehensive elementary school that serves children from 4.1 square miles of Albemarle County along the Rio Road/Hydraulic Road corridor between the city limits of Charlottesville and Albemarle High School. Our core purpose is to establish a community of young learners and learning through building relationships, creating relevance, and holding to high levels of rigor for each and every child every single day.

Like other elementary schools in our division, we use the Virginia Standards of Learning as our core content and design powerful learning experiences that engage children around their interests, have high expectations for each child, and identify practices that are holding children back from learning. Our school serves children who speak 10 different languages and have family origins in 15 different countries. Just over half of our students are economically disadvantaged. Nearly one-quarter of our students identify as African-American/ Black, and another 23% identify as Hispanic/Latino. Approximately 40% of our students identify as White.

Scottsville Elementary School is a place where students and staff work together to learn and grow, just like the trees surrounding our school. Our students volunteer at our local Jefferson Area Board for Aging (JABA) facilities and, every day, older students mentor their younger peers and both benefit from the experience. We engage every student through their interests as we empower them to own their learning. We have developed relationships with the Town of Scottsville, Scottsville Soccer, and several local churches. This year, we have a special focus on improving opportunity and achievement as we learn more about Trauma-Informed Teaching.

General School Information

- Grades Served: PK-5
- Address: 100 Woodbrook Drive, Charlottesville, VA 22901
- Phone: 434-973-6600
- Principal: Kristen Williams
- Accreditation Status: Accredited with Conditions

Located in the urban ring of Albemarle County, Woodbrook Elementary is a beautifully updated facility that doubled in size during the 2018-19 school year and went from serving approximately 350 to about 580 diverse students. With this change in size came a paradigm shift in Woodbrook's instructional model. The newly designed space includes open classrooms where teachers and students can learn and grow together in multi-age settings. Woodbrook is a neighborhood school that thrives on community partnerships to support each child in their academic and social and emotional growth—working together to instill a lifelong love for learning.

- Accreditation Status: Accredited Pending Review of Alternative Accreditation Plan

The Community Public Charter School (Community Middle) is co-located with Murray High School and aims to foster creativity and intellectual curiosity through art and design, experiential learning, mastery, and student agency. Our focus on interdisciplinary learning, especially through project-based learning, reflects the division's objective to engage every student. As a lab school, Community Middle also exists to design and pilot nontraditional approaches to learning that align to the

division's strategic plan with the intent to inform practices more broadly. We partner with researchers at UVA and MIT, and we regularly collaborate with the division's comprehensive middle and elementary schools to ensure that we are building practices that are applicable countywide.

Derived from the division's strategic priorities, the Henley school community has identified the following guiding principles:

- 1. We are a community of educators, learners and families who work together to ensure all members are visible, safe, and achieve to their fullest potential.
- 2. We are welcoming, inclusive, and student-centered.
- 3. We are a community that takes risks, pursues passions, and fosters a growth mindset.

We use these principles to guide our decision-making. Henley emphasizes social/emotional learning for all. We believe tracking is an equity issue and have taken on specific practices to better support all learners.

Middle school is the most formative time in a child's life, and we have the opportunity every day to shape how students feel about themselves as learners, citizens and adolescents. Our structures influence our practices, so we constantly evaluate our structures against our guiding principles to better create and maintain a student-centered environment.

Jack Jouett Middle School serves 646 students in the urban ring and Earlysville area of Albemarle County. Our diverse students and families speak 27 different languages and make Jouett a special place to be. We maintain a strong focus on college and career readiness, as evidenced by our Advancement Via Individual Determination (AVID) program. We are an AVID National Demonstration School, which indicates that we are among the top 3% of schools in the world that implement AVID to fidelity. Our core values at Jouett are growth, compassion, risk-taking, connection, and equity.

Murray High School is co-located with the Community Public Charter School and aims to foster creativity and intellectual curiosity through art and design, experiential learning, mastery, and student agency. Our focus on interdisciplinary learning, especially through project-based learning, reflects the division's objective to engage every student. Aligned with the division's objective to improve opportunity and achievement, Murray is in the first year of establishing the International Baccalaureate Programme, with courses beginning in the 2020-21 school year and full diplomas

earned in 2021-22. As a lab school, Murray also exists to design and pilot nontraditional approaches to learning that align to the division's strategic plan with the intent to inform practices more broadly. We partner with researchers at UVA and MIT, and we regularly collaborate with the division's comprehensive middle and elementary schools to ensure that we are building practices that are applicable countywide.

Western Albemarle High School (WAHS) is working to identify and remove practices that perpetuate the achievement gap. An example is our social justice project, through which 10th graders read contemporary novels and listened to guest speakers to bring more relevance and awareness of social injustice to their learning.

Patrick McLaughlin Interim Principal 2019-Present

WAHS works to create a culture of high expectations. Through de-tracked courses and smaller class sizes in Algebra I, we eliminated the achievement gap in Algebra I for students with disabilities.

Western Albemarle supports students' development of personal interests. For example, though *WAHS with a Cause*, our school-wide public service project, students were able to select a project that was meaningful to them and make a difference in their community.

Center I

General School Information

- Address: 1180 Seminole Trail, Suite 225, Charlottesville, VA 22901
- Phone: 434-244-8900
- Director: Michael Craddock

Center I, the center for creativity and invention, is a learning center designed to allow students to explore the passions and interests that closely match their individual career goals. While continuing to attend their home school, working in this multi-faceted center enables students to embrace lifelong learning in a student-driven environment.

In the 2019-2020 school year, Center I offers a range of experiences for students in their senior year. On a collegiate schedule, with college faculty, students can elect to sign up for Composition I and II and US Government I and II to meet their English 12

Michael Craddock Director 2019-Present

and US/VA Government graduation requirements. Students can also participate in a self-directed learning experience where, with the support of Center I faculty, they can complete a Senior Capstone Project in an area of interest. A Senior Capstone Project can focus on one large project or be composed of a number of smaller ones. The outcomes of the project are determined by the student and may include high school course credit, earning an industry-recognized credential, participation in a work-based learning experience, and/or completion of a robust portfolio to support career and college aspirations.

The Charlottesville Albemarle Technical Education Center (CATEC) is a regional technical center that serves Albemarle County and Charlottesville City. The mission of CATEC is to provide students with high-quality trade education that positions them for a successful launch into post-secondary life. In addition to the trade education, our students have the opportunity to earn at least one industry credential, learn and practice workplace-readiness skills, receive career coaching, and pursue work-based learning opportunities. As a public school institution, CATEC improves opportunity and achievement by providing engaging courses, connecting with community partners, and making learning relevant and meaningful for all students.
