Are you teaching in a class where your students have access to at least one mobile device (e.g. tablet, laptop, Chromebook) to use regularly within instruction? (Check all that apply)

Response	# of Responses	% Responses	State %	National %
Yes, most students are using their own devices or we have devices for students who don't have them	51	21%	20%	24%
Yes, our school assigns devices to students for their use at school	128	52%	40%	37%
Yes, our school assigns devices to students to use at school and at home	83	33%	22%	17%
Yes, I can check out devices to use in my class as needed	27	11%	22%	24%
No, my students do not regularly have access to mobile devices in my classroom	21	8%	15%	15%

Educators debate the impact of mobile devices such as laptops, tablets, and Chromebooks on student learning. For each of the outcomes listed, please indicate if you think the inclusion of such mobile devices in the classroom has had a strong impact, a moderate impact, a negative impact, or little or no impact on student outcomes.

Ability for students to explore topics more fully
