Albemarle County Public Schools
Opt Out Notification for Release of Student Information to Military Recruiters*

Dear Parent/Guardian:

High school staff members are required by federal regulation to release the names, addresses, and phone listings of students enrolled in high school to military recruiters just as prospective employers and colleges/universities also can request access to this information. The regulation also requires you be notified that you can choose to not have your child’s name, address or phone listing released to military recruiters.

If you would like to exercise your right not to release this information to a military recruiter, please notify me in writing or return the form below and upon receipt our school staff will honor and comply with your request. The form should be returned to the Counseling Office by September 11, 2014.

Sincerely,

John Werner
Principal

Please do not release my child’s name,_______________________________________,

First   Middle   Last

address, or telephone listing to military recruiters without my prior written permission.

Thank you,

Federal Regulation:
“Section 9528 requires schools receiving Title I funds under the Act to give military recruiters access to schools and the names and address of secondary school students. A secondary school student or the parent of the student may request that the student’s name, address and telephone listing not be released without prior written parental consent and a local educational agency (i.e., school board) shall notify parents of the option to make a request and shall comply with any request. Each local educational agency receiving Title I funds is required to provide military recruiters the same access to secondary school students as is provided generally to post-secondary educational institutions or to prospective employers of those students”.
(The relevant regulation is Section 9528 of the Elementary and Secondary Education Act, Public Law 107-110, signed into law on January 8, 2002 by President Bush)
