

Enterprise Center

Lunch

Lunches come from the Burley School cafeteria. Menus change monthly and are posted on the Burley School website. They are also posted at the Enterprise Center.

If you wish to set up an account for Burley cafeteria lunches, you may use the same student number your child has been using at the base school.

You may access account information through the Parent Portal. Please see the Albemarle County Public Schools website for information on accessing the Parent Portal, and for more information on the child nutrition program.
